

## ABOUT NPC AND EXECUTIVE PANEL

National Psychological Corporation (NPC) which was established in 1971 with its Head Office at 4/230, Kacheri Ghat, Agra-282 004, is now recognized as a well-known centre or largest house of developing the various psychological and educational tests. It has published and distributes a number of text books, research and reference books in the field of Psychology and Education and arranging a variety of Psychological instruments and educational aids to many educational institutions, guidance and counselling centers, hospitals and industries, practising psychologists, clinical and school psychologists, psychiatrists and medical professionals not only in all parts of the country but to neighbouring countries also. During the period of 40 years journey, this center has published about 400 tests, scales and inventories and also distributing more than 500 tests of various areas of psychological assessment of leading Indian psychologists and educationists. Therefore, the maximum range of standardized psychological tests and educational scales are available in various branches of human assessment.

Because of the prompt service, honest and fair dealing, providing experts advice and appropriate guidance to the needy users, considering the ethical aspects and the value of the psychological measures, the quality production with accuracy, reasonable rate structure and taking high spirit of academic and professional service to the society, this centre has attained its excellence in all phases. It is almost recognized by the many universities, colleges, research institutes, guidance and counselling centres, Govt. agencies for its excellence, resulting in earning the name and fame. **Recently, National Council of Teacher Education (NCTE), New Delhi has recommended NPC as a reliable place for obtaining materials for Psychological Resource Center.**

Psychological tests are the backbone of guidance and counselling services, total human assessment and understanding one's behaviour. Until and unless, the human behaviour is not properly assessed at any level with the appropriate use of various psychological tests, it is futile effort to think of the success of guidance and counselling programmes. Therefore, this organization has a great contribution to the field of guidance, counselling and extension of research in the country. Development of psychological tests is the main role and functions of this organization. This organization has taken an initiative to start two psychological clinic, SAMADHAN KENDRA at Shop No. 4, G.F. 20/4, Maruti Tower, Sanjay Place, Agra-282 002 and MANODISHA (Counselling Centre) at UG-1, Nirmal Heights, Agra-Mathura Road, Agra-282 002.

### EXECUTIVE PANEL

*Promoter & Director*

**Dr. Mahesh Bhargava**

*Assistant Director  
(Marketing)*

**Dr. Vivek Bhargava**

*Assistant Director  
(Academic)*

**Rajshree Bhargava**

*Assistant Director  
(Production)*

**Piyush Bhargava**

## TERMS AND CONDITIONS

As effective from 1st April, 2010

1. Please treat this Price List or **Catalogue** as *Quotation*.
2. The order will be executed within two to four weeks either in one or two consignments.
3. VAT will be charged as applicable on that time only on Scientific Apparatus, Stop Watches and Clocks.
4. Handling charges which include cartage, forwarding, railway freight, postal charges, transportation freight or cargo charges etc., will be 5% but Rs. 500/- will be the minimum.
5. The price mentioned against each item is *net and there is no provision of discount or concession in any case*.
6. The order below Rs. 5000/- will be supplied either through Cash/DOD Basis.
7. If there is any dispute it will be settled in **Agra Jurisdiction only**.
8. The payment will be accepted through **Draft payable at Agra** in favour of **National Psychological Corporation** under Registered cover only or it should be deposited in our following Bank A/c

IndusInd Bank, Sanjay Place, Agra — A/c No. 0064-G53259-050 (IFC Code IFSC : IND B0000064)  
Allahabad Bank, Belanganj, Agra — A/c No. 20423628811 (IFC Code ALLA 0210126)

## ABBREVIATIONS

P	means NPC is Publisher.
D	means NPC is Sole Distributor.
S	means NPC is Stockist.
RB	means Reusable booklet.
CB	means Consumable booklet.
M	means Manual or Handbook.
SK	means Scoring Key.
AS	means Answer Sheet.
PL	means Profile.
□	means Existing Materials.
CS	means Complete Set.

(Complete Set includes all the things mentioned under the quantity as given on the top of every page). Usually (not in all cases) one complete set contains 25 Reusable booklets or 100 Consumable booklets or one set of cards, e.g., one Manual, one Scoring Key, 100 AS, etc., or whatever are mentioned in any test.

## ESSENTIALS WHILE PLACING THE ORDER

Please read out the above Terms and Conditions and Abbreviations before you go through this Price List. In orders, please quote our Sr. No. and Price. Please mention the nearest Road Transport/Cargo Service and Post Office. Please specify the period and mode of payment. Please check the draft or cheque carefully and see that it is proper in all respect before you despatch the same to us.

## IMPORTANT TO TEST USERS

*It is inform that actual test users—i.e. any Institution, Research Centre, Organisation, Practising psychologist/Counsellor, Research scholar or anybody who is using psychological tests must aware the fact that these are copyrighted items, and any misuse in anyway by way of printing, electrostaticing, photocopy or use through computer is a violation of copyright act and this will also affect your output adversely, therefore please do not be misguided and be honest in your approach.*

—Director

<b>INSTRUMENTS &amp; EXPERIMENTAL MATERIALS</b>		
<b>Sr. No.</b>	<b>PARTICULARS</b>	<b>Rupees</b>
<b>PSYCHO-PHYSICS AND SCALING METHOD</b>		
1 D•	<b>Aesthesiometer Calliper (Vernier Type) Two points with Manual</b> <i>(It is a Calliper formed of two pieces sliding across one another. One having a graduated scale and the other sliding part with one window also having scale on its sides. Two pointed projections, one each to each piece is attached.)</i>	Rs. 225 each
2 D•	<b>Aesthesiometer Calliper (Vernier type) Three points with Manual</b> <i>(This aesthesiometer is similar to one described aesthesiometer two point except that it has one extra pointed projection, which seems to be the extension of one piece of the calliper.)</i>	Rs. 300 each
3 D•	<b>Weight Discrimination Box (10 weights) Progressive with Manual</b> <i>(Containing 10 cylinders of the same size and shape but different in weight. In this box there are nine comparison weights with a difference of two gram each and a standard weight of 50 gms.)</i>	Rs. 1200 each
4 D•	<b>Size and Weight Illusion Box (14 weights) with Manual</b> <i>(Out of 14 and 12 cylinders are of the same size, shape but different in weight and 2 cylinders are different in size, shape and weight. In this box there are 13 comparison stimuli and one standard stimuli. Standard is of 50 gms.)</i>	Rs. 1500 each
5 D•	<b>Size and Weight Illusion Box (22 weights) with Manual</b> <i>(Containing 22 cylinders of the same size and shape but different in weight. In this box there are 21 comparison stimulus. One standard weight of 50 gms.)</i>	Rs. 1800 each
6 D•	<b>Muller Lyre Illusion with Stand Scale and Manual</b> <i>(Muller Lyre is made as fiber sheet. Its length is about 45 cm. It is fixed on two Iron/Aluminium Rod on the stand. Muller Lyre Illusion is detachable from the Iron Rods. In front side fixable and adjustable position of Muller Lyre Illusion. Standard stimulus is 15 cm. In back side scale for measurement of illusion and two screw for fixing the rod.)</i>	Rs. 1250 each
7 D	<b>Rank Order Method (पदांक या श्रेणीक्रम) Hindi / English (R.O.M)</b>	Rs. 300 each set
8 D	<b>Paired Comparison Method (युग्म तुलना विधि) Hindi / English (P.C.M)</b>	Rs. 300 each set
9 D	<b>Rating Method (वर्गक्रम विधि) Hindi / English (R.M.)</b>	Rs. 300 each set
<b>SENSATION AND PERCEPTION</b>		
10 D•	<b>Perimeter (Table Model) with Manual</b> <i>(This is an apparatus with a metal arch, which can be fixed at different angles by rotating, to produce different meridians for the subject.)</i>	Rs. 3500 each
11 D	<b>Perimeter Chart (Right/Left Eye)</b>	Rs. 150 each set
12 D•	<b>Colour Mixer Hand Operated with Manual</b> <i>(Hand colour mixture is manually operating. It attached four colour discs of red, green, blue &amp; yellow. The discs are cut in such a way along the sector that they can all be slipped into each other. It is hand operated.)</i>	Rs. 1500 each
13 D•	<b>Colour Mixer Apparatus Variable speed with four adjustable colour discs (Electrical) with Manual</b> <i>(This consists of a circular metallic disc graduated into different degrees and operated by a motor in a concealed box-like arrangement. The speed of the motor is adjustable. Colour discs of red, green, Blue and yellow. The discs are cut in such a way along the sector that they can all be slipped into each other.)</i>	Rs. 3500 each
14 D•	<b>Kinesthetic Figural After Effect with Manual</b> <i>(There are two Bars : One of these showing the Inspection Bar (I-Bar) having the fixed width the other one is known as Test Bar (T Bar) Mounted on a plate whose width may be increased or decreased through this nob 5 Test Bar available in Instrument)</i>	Rs. 3000 each

Sr. No.	PARTICULARS	Rupees
15 D•	<b>Stamp Pad with pointed hamer</b> for Tactual localization of pain spot with <b>Manual</b>	Rs. 250 each
16 D•	<b>Colour Preference</b> on the basis of paired comparison method ( <i>6 colours</i> ) with <b>Manual</b>	Rs. 1250 each
17 D•	<b>Successive Colour Contrast Apparatus (<i>Negative After image</i>)</b> with <b>Manual</b>	Rs. 1800 each
	<i>(This instrument is a square box made up to wood. In the background of this is an electric bulb and in the front part there is an aperture type empty space, through which opaque glass slides fixed with different stimulant colours in part in the middle, is shown. Bulb inside the instrument is switched on when the stimulant colour is presented. Instrument is covered by a grey colour curtain.)</i>	
18 P	<b>Performance Test in Perception with Manual (<i>Visual &amp; Auditory</i>)</b>	Rs. 2500 each set
	— <i>Raj. K. Gupta (P. T. T.P.)</i>	
	<i>(It is standardized on IIIrd &amp; IVth Class students.)</i>	
19 D•	<b>Depth Perception Apparatus with Manual</b>	Rs. 4500 each
	<i>(The three needle apparatus has been widely used in studies of Binocular Depth Perception. It was devised by Howard and Dolman. This consists of an elongated box which conceals inside three vertical rods or pins. These pins can be seen by a subject through a small window and the inside of the box is illuminated. Two of these rods are fixed and the one in the middle is movable, resting on a pulley bottom wheeled on a rod running completely across the length of the box. A meter-scale is fixed to the groove like opening on the top so that the exact position of the movable rod can be read.)</i>	
20 D•	<b>Size Constancy Apparatus</b> to study the perception of size constancy and distance with <b>Manual</b>	Rs. 3000 each
	<i>(A square is mounted on a vertical rod. Another square (variable stimulus) is mounted on another vertical rod and whose sides can be varied in length with the help of a pulley attached to this square. Besides a metre scale to measure the distance between the subject and the standard square.)</i>	
21 D	<b>Perceptual Grouping (प्रत्यक्षीकरण समूहीकरण)</b> Hindi / Eng. (P.G.)	Rs. 150 each set
22 D	<b>Reversible Perspective (उत्क्रमणीय संदर्भ)</b> Hindi / Eng. (R.P.)	Rs. 150 each set
23 D	<b>Person Perception (व्यक्ति प्रत्यक्षण) — Upadhyaya (Hindi) (P.P.-U)</b>	Rs. 300 each set
24 D	<b>Person Perception (Hindi) S. N. Rai (Semantic Differential Scale) (P.P.-R.)</b>	Rs. 300 each set
25 D	<b>Person Perception (English) Rakhi Bhargava (P.P.R.B.)</b>	Rs. 300 each set
26 D	<b>Person Perception (Effect of Physical Beauty or Appearance)—Shailaja Bhagwat (P.P.-B)</b>	Rs. 500 each set
27 D	<b>Social Perception (Effect of value on size Perception) Hindi (S.P.)</b>	Rs. 300 each set
28 P	<b>CIP Time Perception Scale (Hindi/English) K. Chaudhary, S. D. Sharma and S. K. Verma. Set of 5 Cards (CIP-TPS)</b>	Rs. 600 each set
	<i>(It contains 46 items which measure three dimensions of time perception — official time, cued time, and personal time. It can be used on normal and patients of any physical ailment or mental disorders. It is standardized on adults).</i>	
<b>LEARNING AND MEMORY</b>		
29 D•	<b>Mirror Drawing Apparatus Simple for printed Star with Manual</b>	Rs. 1800 each
	<i>(The Simplest Mirror Drawing Apparatus often called (Mirror Tracing Board). There is Based Board (Wooden with Sunmica top) at the back side of which a Mirror Holder is attached to which Mirror can be fitted to standard erect. At left hand of front edge there is an adjustable screen. With this apparatus Printed Star Patterns are used.)</i>	
30 D	<b>Mirror Drawing Stars Paper</b>	Rs. 500 per 1000
31 D	<b>Mirror Drawing Scoring Sheet Pad</b>	Rs. 100 per 100
32 D•	<b>Mirror Drawing Electrical with Manual</b>	Rs. 2750 each
	<i>(Electrical Mirror Drawing Apparatus an Indicator Lamp is provided in place of Error Counter. The Errors are counted by the experimenter manually putting a Tally Mark for each flash/glow of the Indicator Lamp in every trial.)</i>	

Sr. No.	PARTICULARS	Rupees
33 D•	<b>Mirror Drawing Apparatus Electrical with reset 6 digit error counter with Manual</b> <i>(It has a Wooden Base Box with Sunmica top on which a Metallic Star Pattern (Aluminium) is mounted at the Centre. At the back side of the Base Box a framed Mirror has been hinged which stands erect while at work and lies flat covering the Star Pattern when not in use. On the left side of the front edge a Plastic Sheet Screen has been provided. On the right edge of the Base Box is fitted an Electro-Magnetic Counter (6 Digit-Reset type) AC Mains indicator, and a Stylus the Instrument is provided a Power lead and a plug styles.)</i>	Rs. 4500 each
34 D•	<b>Mirror Drawing Apparatus Electronic Digital Error Counter with Manual</b> <i>(The employ the most advanced and up-to-date Digital technology in their design. The instruments are good looking and easy in use. This electronic instrument also works on A. C. Mains (220-230 V, 50 Hz. A.C.) and can be directly connected to any 2/3/5 Pin A.C. Wall Socket. It is like the Electrical Mirror Drawing Apparatus except that this employees a Digital-Electronic-4 Digit-Counter as error counter instead of Electro Magnetic Counter (6 Digit-Reset type). There errors are automatically recorded in Digital form by means of Digital Electronic Counter. The Display of the DE Counter is shining Red-4 LED Display.)</i>	Rs. 6000 each
35 D•	<b>Mirror Drawing Apparatus Electronics with Digital reset error counter and Timer with Manual</b> <i>(This Mirror Drawing Apparatus is the most advanced and latest version and ultra modern technologically developed. This tool operates on A.C. Mains. Subject places the stylus at the starting point of Grooved Path of the Star the Digital Timer immediately starts recording time in seconds and its decimal parts. And whenever there is an Error the Digital Error Counter automatically records one Error in Digital Form. Thus, here in this Instrument, Time and Error both are recorded automatically. Both the Digital Timer and Digital Error Counter are Reset type and have Four (04) LED chips as Display.)</i>	Rs. 12000 each
36 S	<b>Proteous Maze Test with Manual</b>	Rs. 750 each set
37 D•	<b>Finger Maze Wooden Make with Manual</b> <i>(Finger Maze (T-Shape) is of square in shape and its tracks are of groove type. There are three tracks in out of which only one leads to the aim. In this, aim is achieved with the help of fingers. Going on the wrong track is an error.)</i>	Rs. 900 each
38 D•	<b>Human Maze Simple Aluminium Make with stylus with Manual</b> <i>(This is rectangular in shape. In this also routes are grooved. In this stylus is of Aluminium, going on wrong track is an error and there are three tracks out of which only one track leads to the aim.)</i>	Rs. 1200 each
39 D•	<b>Human Maze Learning T-Shape (Electrical) with Manual</b> <i>(This is also like finger Maze but it works on electricity and aim is decided by Stylus. Bulb starts glowing while going on wrong track by which error can be known. Only one track leads to the aim out of the three tracks.)</i>	Rs. 1850 each
40 D•	<b>Human Maze Learning Pointed (Electrical) with Manual</b> <i>(This is of square shape made of wood. In this are 15 rows and 15 columns, i.e., 225 screws are fixed on the wood in the form of points which are connected with bulb and stylus. Bulb does not glow while going on right track but glows while going on wrong track by which error can be known.)</i>	Rs. 2750 each
41 D•	<b>Human Maze Learning Pointed electrical with reset 6 digit error counter with Manual</b> <i>(Working is like of Maze Learning Electrical (Pointed) but in this error can be known by Reset Error Counter alongwith the glowing of bulb. After every effort Error Counter is reset.)</i>	Rs. 4500 each
42 D•	<b>Human Maze Learning Electronics with Digital Error Counter and Manual</b> <i>(The working of this type Maze is like that of Maze Learning Electrical Pointed with Reset Counter. Electronic Counter replace of Electric Digital Counter)</i>	Rs. 6000 each

Sr. No.	PARTICULARS	Rupees
43 D•	<p><b>Human Maze Learning Electronics with Digital reset error counter and Timer with Manual</b></p> <p><i>(This Maze learning apparatus is the most advanced and latest version and ultra modern technologically. This tool operates on A.C. Mains. Subject places the stylus at the starting point of Maze Learning. The Digital Timer immediately starts recording Time in seconds and its decimal parts. And when ever there is an Error the Digital Error Counter automatically records one Error in Digital Form. Thus, here in this Instrument. Time and Error both are recorded automatically. Both the Digital Timer and Digital Error Counter are Reset type and have Four (04) LED chips as Display.)</i></p>	Rs. 12000 each
44 D•	<p><b>Winking reflex apparatus to study conditional reflex phenomenon with Manual</b></p>	Rs. 1800 each
45 D•	<p><b>Card Sorting Tray with Cards and anodized Number Plates for habit interference with Manual</b></p> <p><i>(Card-sorting Plastics/Wooden Tray has been placed in front of the subject on a table. Figure indicating plates has been fixed in different boxes of the tray unsystematically. All the number indicating cards after shuffling well has been placed besides the tray in front of subject.)</i></p>	Rs. 1000 each
46 P	<p><b>Letter Cancellation Test-sheet with Manual (Hindi / Eng.) (LCTS-B)</b></p>	Rs. 300 each set
47 P	<p><b>Substitution Learning or Code Learning with Manual (Hindi) (SLCL-B)</b></p>	Rs. 300 each set
48 P	<p><b>Association Values English CVC's and CCC's (Hand Book) by Dr. N. Hasnain</b></p>	Rs. 300 each set
49 P	<p><b>Paired Associate Learning by D. S. Janbandhu (Eng.) (PAL-J)</b></p>	Rs. 300 each set
50 P	<p><b>Serial Learning by D. S. Janbandhu (Eng.) (SL-J)</b></p>	Rs. 300 each set
51 P	<p><b>Effect of Meaningfulness of Learning with Hand Book of Association of Values (EMLAV-J) by D. S. Janbandhu (Eng.)</b></p>	Rs. 300 each set
52 P	<p><b>Verbal Conditioning (VC-J) by D. S. Janbandhu (Eng.)</b></p>	Rs. 300 each set
53 P	<p><b>Paired Associate Learning (PAL-D) (Hindi)</b></p>	Rs. 300 each set
54 D	<p><b>Effect of Co-operation and Competition on the Performance of a Task (ECCPT-B) (Hindi / Eng.)</b></p>	Rs. 500 each set
55 D•	<p><b>Yerk's Multiple Choice Apparatus to determine the process of concept formation in multiple choice situation with Manual</b></p> <p><i>(This apparatus consists of a box like board with a screen in the middle; one side of the screen called (the subject's side), there are twelve lights and also twelve switches one under each. On the other side again (experimenter's side) there are equal number of lights and switches below them. Under this row of switches there is a row of buzzers, one buzzers corresponding to each light and also a row of switches (or a regulator) for the buzzers).</i></p>	Rs. 4500 each
56 D•	<p><b>Memory Drum Four Variable Speed Electrical with Manual</b></p> <p><i>(The Electrical Memory Drum is a very useful versatile and study and accurate instrument. As usual it can be used in most of the Learning, Memory and Forgetting Experiments like Serial Verbal Learning, Retro-active Inhibition. The present instrument (apparatus) operates on 230 V 50 Hz A. C. and has a removable/detachable Drum. One stimulus each can be Exposed to the subject at the desired speed (1, 2, 4, 8) with the Exposure Time 1, 2, 4, 8 Sec. respectively. The maximum number of STIMULUS LISTS can be SIX (06). The Control Box (Unit) contain and Electric Motor and a FOUR (04) Speed Gear Box and Clutch Mechanism. There are Two Leavers. Each ON/OFF Switches and two Indicator Lights on the front panel of the Control Unit. Each ON/OFF Switch and Indicator Light is marked with 'MOTOR' and 'LIGHT' respectively.)</i></p>	Rs. 10000 each

Sr. No.	PARTICULARS	Rupees
57 D•	<b>Memory Drum (Hand operated) with Manual</b>	Rs. 1800 each
58 P	<b>Short Term Memory (S.T.M.-A) — B. B. Asthana (English)</b>	Rs. 300 each set
59 P	<b>Long Term Memory (L.T.M.-A) — B. B. Asthana (English)</b>	Rs. 300 each set
60 P	<b>Span of Immediate Memory : (SIM-B) Auditory and Visual. Hindi / English</b>	Rs. 300 each set
61 P	<b>Recall of Completed and Incompleted Task : (RCIT-B) Zeigarnik Effect Hindi / English.</b>	Rs. 300 each set
62 D	<b>Retroactive Inhibition. Effect of Interpolated Activities on Previous Learning (RIEIAPL-B) Hindi / English.</b>	Rs. 300 each set
63 D	<b>Retroactive Inhibition. Effect of Similarity of Original Material &amp; Interpolated Material on Retroactive Inhibition (RIESOMIMRI-B) : Shailaja Bhagwat</b>	Rs. 400 each set
64 D	<b>Influence of Set on Perception, Attention or Performance of a Task (IPAPT-D) Hindi.</b>	Rs. 300 each set
<b>ATTENTION</b>		
65 D•	<b>Tachistoscope (Fall Door type) Span of Attention with Manual and Cards</b>  <i>(Tachistoscope falling door type is one which usually has a fixed exposure time. This consists of a Wooden Screen with a window in the middle which is covered by a movable falling shutter. This falling shutter can be closed or opened with the help of a lever at the top on the back side of the screen. The exposure time is usually 1/10<sup>th</sup> of a second.)</i>	Rs. 1850 each
66 D	<b>Techistoscope Cards 40 Meaningful and 15 Non-Meaningful</b>	Rs. 75 each set
67 D	<b>Tachistoscope Card Dotted 17</b>	Rs. 75 each set
68 D•	<b>McDougall Disc. Division of Attention (Plastic in white and black colours 15 each) with Manual (Hindi)</b>	Rs. 950 each
69 D•	<b>Division of Attention Board Electrical with Manual</b>	Rs. 3000 each
70 D•	<b>Division of Attention Board with reset 6 digit impulse counter with Manual</b>  <i>(The division of attention board consists of a wooden board with a circular and triangular groove with a metallic contact point on each. The board is wired inside so that any passage of electric current on it from a battery can be recorded on an impulse counter. The board is connected as its terminal to a battery. The other terminal of the battery is connected to a metallic stylus through an impulse counter. Whenever the stylus passes through the metallic contact point the counter would record once).</i>	Rs. 4800 each
71 D	<b>Division of Attention Experimental Material – Dr. Shailaja Bhagwat</b>	Rs. 500 each set
<b>FATIGUE</b>		
72 D•	<b>Ergograph for measuring physical fatigue (Hand Grip Model with manual)</b>  <i>(Fatigue lines are drawn on an ordinary paper with the help of pencil. It is simple in handling, less time consuming and providing direct reliable and accurate result.</i>	Rs. 4500 each
73 D•	<b>Gripdynamometer</b> a simple round balance altered for the purpose of inducing fatigue with simple alterations	Rs. 2800 each
74 D	<b>Mental Fatigue Test by Dr. Vivek Bhargava (MFT-B)</b>	Rs. 300 each set

Sr. No.	PARTICULARS	Rupees
<b>MOTOR SKILL</b>		
75 D•	<b>Finger Dexterity Board with pins and Manual</b> <i>(It is made of plastics in a rectangular form containing hundred wholes in ten rows, ten wholes in each rows material 150 pins)</i>	Rs. 750 each
76 D•	<b>Tweezer Dexterity Board with pins and Manual</b> <i>(It is made of plastics in a rectangular form, containing hundred wholes in ten rows, ten wholes in each rows material 150 pins a Tweezer.)</i>	Rs. 750 each
77 D•	<b>Steadiness Tester Electrical Simple with Manual</b> <i>(This device examines the steadiness of the hand and the fingers. There is a box, on one side of which there are some holes arranged systematically so that they proceed from the widest to the smallest. The subject takes an instrument called the stylus into his hand and inserts it completely and draws it out of these holes successively.)</i>	Rs. 1500 each
78 D•	<b>Steadiness Tester Electrical with Impulse Counter with Manual</b> <i>(This device examines the steadiness of the hand and the fingers. There is a box, on one side of which there are some holes arranged systematically so that they proceed from the widest to the smallest. The subject takes an instrument called the stylus into his hand and inserts it completely and draws it out of these holes successively and Impulse counter available)</i>	Rs. 2500 each
<b>REACTION TIME</b>		
79 D•	<b>Reaction Time Appratus for simple R. T. (Electrical) with Manual (Pendulum Model)</b>	Rs. 3500 each
80 D•	<b>Reaction Time Appratus for Simple, Choice and Discriminative R.T. (Both Auditory and Visual) Electrical with Manual (Pendulum Model)</b>	Rs. 4000 each
81 D•	<b>Reaction Time Appratus electronics (for measuring 2 Auditory and 2 Visual R.T.) with Manual.</b>	Rs. 10000 each
<b>STOP WATCH / CLOCKS / METRONOME</b>		
82 D•	<b>Stop Watch (Timer) Racer Electronics Digital</b>	Rs. 750 each
83 D•	<b>Stop Clock</b>	Rs. 550 each
84 D•	<b>Metronome (Mechanical Imported German)</b>	Rs. 8000 each
85 D•	<b>Metronome (Electronics Indian)</b>	Rs. 4000 each
<b>STATISTICAL APPARATUS &amp; TABLES</b>		
86 D•	<b>Normal Probability Curve Demonstration Apparatus with Manual</b> <i>(The apparatus have mainly four parts, the first part is the main board with the rows of nails. Second part depicted is a hole through which only one tablet can go to the board. The third part is a sliding strip, which can be pulled out with the help of a nob. Fourth is a drawer with twelve partitions, dividing the drawer in thirteen parts. These thirteen parts of the drawer is in congruence to six sigma in a normal probability curve.)</i>	Rs. 4000 each
87 D	<b>Tables in Psychological and Educational Statistics compiled by Dr. Vivek Bhargava and Dr. Rakhi Bhargava</b> <i>(All the important tables level of significance of rho and r, normal probability curve, t-test, <math>\chi^2</math> test f-test Duncan range test, A-test, Sign test, Square and Square root are given alongwith the procedure how to use them, what is the meaning of significance and insignificance at different levels of confidence.)</i>	Rs. 1250 each set
<b>SUPPORTING MATERIAL</b>
